

This Legislative Data Book has been compiled as a descriptive statistical resource of the services provided by the Texas Department of Protective and Regulatory Services (TDPRS) to the people of the state of Texas. Information covered in this book covers the most frequently asked questions about child and adult protective services, and licensing. Our hope is that it will be beneficial in answering some of the questions as well as being an ongoing resource document.

An annual update of the book is planned after the end of each state fiscal year.

Comments and/or questions are welcomed and can be addressed to this office.

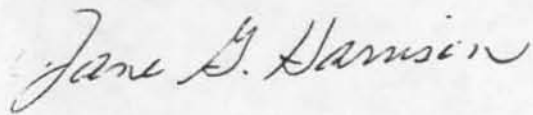

Janice M. Caldwell, Dr. P.H.  
Executive Director

— All data is for Fiscal Year 1992 unless otherwise noted.
