

DFPS

The Data Book is a descriptive statistical resource of the services provided to the people of the State of Texas by the Texas Department of Family and Protective Services (DFPS) for fiscal year 2005 (September 1, 2004 through August 31, 2005). Information in this book covers the most frequently asked statistical questions about DFPS programs. Our hope is that it will be beneficial in answering these questions and serve as a continuous resource.

The Data Book provides information in several types of charts using different time intervals and it provides county, regional, and statewide totals.

When comparing data from one time period to another, please keep in mind that DFPS has undergone major changes over time. There have been re-alignments, major policy changes, and automation of case management and reporting that have all influenced the data. In some cases this can make direct comparisons across the years misleading.
