Both Family Preservation Services and Family Reunification Services are under the umbrella of Family Based Safety Services (FBSS). Family Preservation Services are services provided to the child and the family without removing the child from the home. Family Reunification Services are provided to the family as a child is returning home from court-ordered substitute care.

\* Care, Custody and Control – In some counties in Texas, this type of custody is given at an Ex Parte Hearing rather than appointing a temporary managing conservator. This provides legal authority for DFPS to ensure a child's safety and meet a child's basic needs for shelter, food, education.

\*\* Temporary Managing Conservatorship – TMC is awarded to DFPS as a result of a court hearing and written order and continues until a judge issues another order changing the legal status. It authorizes DFPS to act in the child's best interest and has exclusive rights including the following and others: designating the primary residence of a child, make decisions concerning the child's education, consent to marriage or enlistment in the armed forces.

\*\*\* Permanent Managing Conservatorship – PMC is awarded to DFPS as a result of a court hearing and written order. PMC authorizes DFPS to act in the child's best interest and have the rights of a Managing Conservator on a permanent basis.

\*\*\*\* Possessory Conservatorship – The court appoints a parent as Possessory Conservator who is not appointed as a sole or joint managing conservator, unless this appointment is not in the best interest of the child. Possessory Conservators are provided with visitation orders, unless access would endanger the child physically or emotionally.

\* An FTE is calculated by dividing the number of paid foster care days in the month by the number of days in a month.

\*\* Child Specific contracts do not have an actual level of care.

\*\*\* Psychiatric Transition is a new level of care added in FY 2008.

\*\*\*\* Duplicated count due to changes in service levels during the month.

#### Title IV-E Federal Foster Care Program Description

The Federal Foster Care Program helps States provide safe and stable out-of-home care for children until the children are safely returned home, placed permanently with adoptive families or placed in other planned arrangements for permanency. Funds are available for: monthly maintenance payments to eligible foster care providers; administrative costs to manage the program; training staff and foster parents; foster parent recruitment; and other related expenses.

State Paid Foster Care may be funded with Federal Block Grant (TANF)

Note: A Circle of Support (COS) is a youth-focused and youth-driven meeting with the primary purpose of developing a transition plan for older youth as they move from foster care to adulthood. It may also be used to address other issues the youth may have. It includes broad participation of the youth's support network. The COS is the preferred service planning model for developing or reviewing a transition plan.

# Preparation for Adult Living (PAL) Services Youth Ages 16 through 20

The Transitional Services Program includes Preparation for Adult Living (PAL) program services to help youth aging out of foster care prepare for adult life, and assist with the initial transition to adult living. PAL services ensure that DFPS foster youth and those aging out of care receive the tools, resources, supports, and personal and community connections they need to become self-sufficient adult. Supportive services and benefits are provided to eligible youth ages 16 to 21, and in some cases up to age 23 for certain educational/vocational needs, to assist when they leave foster care.

\* 706 youth who were not served in FY 2008 received services prior to FY 2008.
