

PMET Performance Measures Questions

FY13 Standard Contract and IPTP Contract

For complete performance measures, refer to Attachment F of the contract at http://www.dfps.state.tx.us/PCS/Residential_Contracts/contract_forms.asp.

For additional information regarding the PMET Performance Measures Questions, refer to the "RCC Contracts FY13 Frequently Asked Questions" document that is a hyperlink located on the **Helpful Information Page**.

Output #2: Each Child's Education Portfolio is up-to-date.

Percentage of School-Age Children in DFPS conservatorship for 30 calendar days or more whose Education Portfolios are updated within 30 calendar days of all items requiring a portfolio change.

- 1) How many School-Age Children did you have during the performance period who were in Contracted care for 30 calendar days or more? (Refer to Output #2.)
- 2) How many of the Children reported in question #1 had their Education Portfolios up-to-date within 30 calendar days of all items listed in Section 15.B)i. (Section 13.B)i. for IPTP contracts) requiring a portfolio change during the performance period? (Refer to Output #2.)

Outcome #2: Children are able to maintain healthy Connections with caring Family Members who can provide a positive influence in their lives.

Percentage of Children in care seven or more days who have at least one Personal Contact during the performance period with a Family Member, excluding parents and siblings, identified as appropriate for contact by DFPS.

- 3) How many unduplicated Children in the care of the Contractor seven or more days during the performance period had at least one Family Member, other than a parent or sibling, who had been identified by DFPS as appropriate for contact? This includes Fictive Kin. (Refer to Outcome #2.)
- 4) How many of the Children reported in question #3 had at least one Personal Contact during the performance period with a Family Member, other than a parent or sibling, who had been identified by DFPS as appropriate for contact? This includes Fictive Kin. (Refer to Outcome #2.)

Outcome #3: Children are able to maintain connections to siblings.

Percent of Children in care who have at least monthly Personal Contact with each sibling in foster care, as described in Section 21 of this Contract (Section 19 for IPTP Contracts).

- 5) How many unduplicated Children under age 18 and in the care of the Contractor at any time during the performance period were part of a sibling group? (Refer to Outcome #3)
- 6) How many of the Children reported in question #5 had at least monthly contact with each sibling in care during the performance period as described in the performance measure? That is, there was at least one Face-to-Face visit if within 100 miles or at least two Telecommunication visits if more than 100 miles away during each month they were in care during the performance period. (Refer to Outcome #3)

Comment Field:

- 7) If providing comment, please indicate the question number to which the comment refers. IF ANY OF YOUR NUMERIC RESPONSES ARE "0", YOU WILL NEED TO ENTER SOMETHING IN THE COMMENT FIELD. (Limit 3,988 characters, including spaces)
